

COVID-19

Business Closures - undeliverable freight

Things are changing rapidly and we are doing our best to adapt. Please email gxdispatch@gxts.com to let us know if your business is planning on a temporary shut-down so our operations team can plan accordingly.

If you are an essential business and will continue to operate, we ask that you please confirm with your customers (*the consignees*) that they will be open for delivery - **before shipping**. This will save the cost of returning products and/or storage charges and ensure transport capacity remains available during this crisis.

We appreciate your co-operation during these difficult times and are available anytime to answer any questions or concerns.

If there is any further information you require on this matter, please email your GX contact or gxsales@gxts.com. We will be issuing regular communications while we continue to monitor this situation closely and have a dedicated COVID-19 update page on our website at <https://www.gxts.com/documents-downloads/covid-19-info/>

Thank you,
GX Transportation Management
